

Rules of the Road

1. Boats without motors have the right of way over boats with motors.

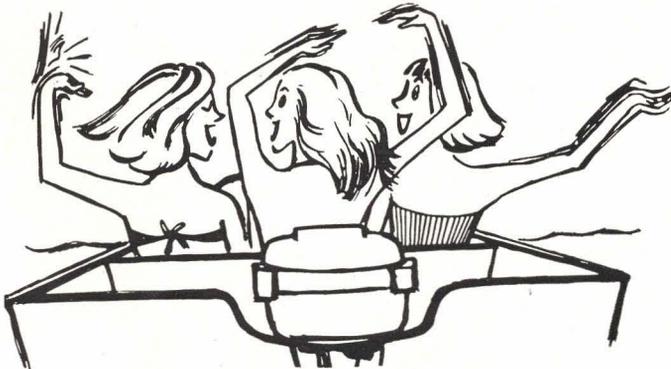

2. Keep right in channels.

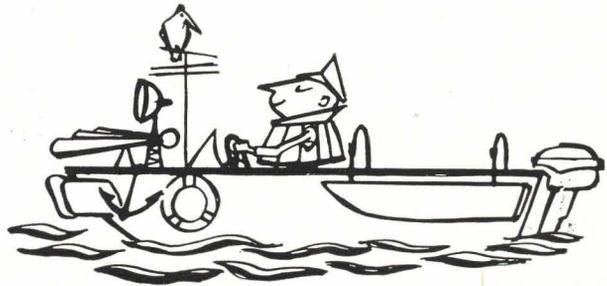

3. When you meet another boat head on, swing to the right.

4. When two boats are approaching each other at an angle the boat on the right has the right of way.

5. A boat being overtaken always has the right of way.

6. Do everything possible to avoid a collision in an emergency.
